**Toll-free Legislative Hotline**

You can leave a message for me on the toll-free Legislative Hotline. Please call:

1-800-562-6000.

**Dear Friends and Neighbors,**

Welcome to the 2005 Government Guide for the 4th Legislative District! This guide was created to help you, the citizens of the 4th District, feel more in touch with your federal, state and local government. This list of officials, addresses and telephone numbers will be helpful in determining the proper person or office to contact for specific needs or questions you may have.

This is by no means an all-inclusive list. Due to space limitations, I've selected some of the most important numbers.

I encourage you to check in your local telephone book for other numbers you may need. If you are unable to find help, please contact my staff in Olympia.

Whether you have an urgent problem or are just seeking a little information, you have a right to expect kind, courteous assistance from any government office. If you do not, please call me.

I appreciate having the opportunity to represent you in the Washington State Legislature. I take great pride in the 4th District and am honored to help represent your views.

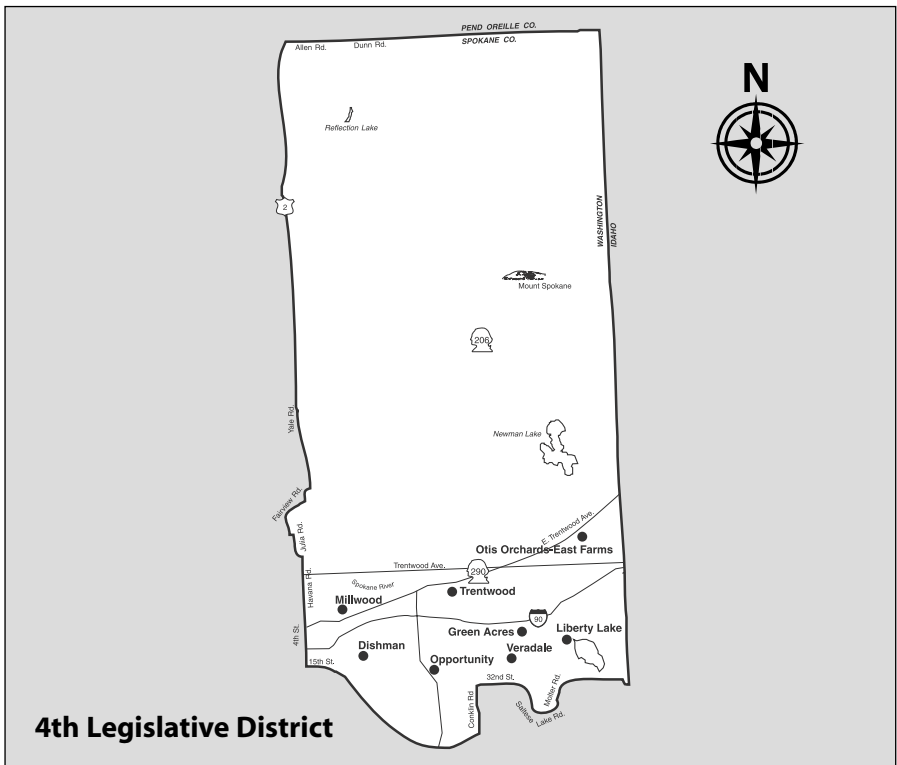

Sincerely,

A handwritten signature in cursive script that reads "Bob McCaslin".

Bob McCaslin  
4th Legislative District

(360) 786-7606

Dear neighbors,

The 2005 Legislative session is a budget year surrounded in controversy and activity. Many important issues to the Inland Northwest are being debated, and policies and laws will be adopted that will affect everyone's lives.

In this section, I hope to update you on some of the issues facing the legislature this session. I'll also share with you the results of the survey you may have filled out at the beginning of the year. Those answers gave me an accurate indication of how our district feels about various issues and is beneficial to me as issues are debated during the 2005 Legislative session

If you have any questions or comments, please do not hesitate to call my office in Olympia. It has been a profound honor and a privilege to serve the 4th district.

Sincerely,

Senator Bob McCaslin

---

## A Few of the Major Issues this Session

**Election Reform** – With the turmoil regarding the correct outcome of the Governor's race, a variety of issues have come to light that have required serious attention by the Legislature. Some of these issues that are being addressed are:

- Military and absentee ballots being mailed too late to be received by election day
- In many counties, more ballots were counted than there are registered voters
- In at least one county, hundreds of provisional ballots were placed directly into counting machines on election day – rather than being reviewed and validated to ensure that they were cast by eligible voters who did not cast another ballot.
- Illegal ballots were cast by convicted felons, deceased individuals, and others who were voting when they were not legally entitled to vote

- Inconsistent and changing standards were employed in determining when a ballot was an over-vote or an under-vote.
- Private information about provisional ballot voters was released, and third parties were allowed to use that information to procure documents seeking to validate the ballots
- Ballots were enhanced in a manner that permanently obscured the original mark of the voter, in violation of state law

Solutions that are being proposed:

- Senate Bill 5742, a measure requiring the Secretary of State's office to conduct a review of the election procedures in each county at least once every three years. The county auditor and canvassing board must prepare a written plan to correct problems.
- Senate Bill 5564, a measure requiring a manual of election laws and rules in easy-to-understand language, and to be available to all election workers during vote counting, recounting, tabulation, and canvassing.
- Senate Bill 5219, a measure changing the primary election to the third Tuesday in August and the candidates' filing deadline to the third week in May
- Senate Bill 5078, a measure requiring that the voter rolls be "cleansed" by requiring legitimate voters to re-register and verify eligibility - this bill was not allowed public testimony by the Democrat chairman of the Senate Government Operations and Elections Committee.

**Budget** – One of the most important issues facing the Legislators this session is the passing of the budget. I am taking the following core concepts to heart in representing your values fiscally:

- Passing a sustainable budget that protects the most vulnerable of our neighbors and citizens without imposing new taxes on struggling families.
- Encouraging job creation in our recovering economy and actively opposing legislation that hurts businesses and workers
- Improving access to affordable health insurance products so that more small businesses can offer coverage for their employees

**Health Care** – One of the most vital pieces of legislation being debated this session is concerning the creation of health savings accounts (HSA's).

- Congress enacted Section 223 of the Medicare Modernization Act which allows citizens to establish HSA's to work in combination with qualifying high-deductible health plans (HDHP) to help finance medical expenses. A health plan qualifies as an HDHP if it has an annual deductible of at least \$1,000 for individuals and annual out-of-pocket expenses (not premiums) that do not exceed \$5,000.

- HSA's are tax-free accounts that can be set up by individuals or employers. They are personal accounts that are owned by individuals, even when employers establish and contribute to them. Interest earned is not taxed, and funds that are not used may carry over to the following year.
- SB 5202 directs the Public Employees Benefits Board (PEBB) to take charge of developing a health savings account in conjunction with a high deductible health plan as an option for employees in the State of Washington.

**Prescription Drugs** – In January this year, a new law in Oklahoma took effect which allows nursing homes to donate unused prescription drugs to state residents who can't afford them. The law also allows drug manufacturers, health care providers or individuals to donate leftover, unopened and unexpired medications to participating pharmacies. The drugs will then be distributed to the medically indigent. Senate Bill 5846, addresses creating a study of how Washington can safely operate a similar program.

---

## Voter Registration

To register to vote, you must be:

- A citizen of the United States
- A legal resident of Washington State
- At least 18 years old by election day

You may register to vote at any time, but you must be registered at least 30 days in advance of an election if you wish to vote at a polling place on election day. You may also register between 30 and 15 days before an election, but you must do so at a location designated by the county elections officer, and you will be required to vote by absentee ballot.

**How to register:** Mail-in registration forms are available from your county auditor or county elections department as well as many public libraries, schools and other government offices. "Motor Voter" registration is offered when you renew or apply for your driver's license.

**Absentee ballots:** You may request an absentee ballot as early as 45 days before an election. (No absentee ballots are issued on election day except to hospitalized voters.) Absentee ballots may be requested either by phone or by mail from the county elections officer. You may also apply in writing to automatically receive an absentee ballot before each election.

**NOTE:** *Absentee ballots must be signed and postmarked or delivered to the county election officer on or before election day.*

# 2004 Survey Results

At the beginning of the Legislative session, I polled many of you to find out your opinion on a number of issues. Here are the results of that survey.

**1.** State government provides services in many different areas which affect the lives of Washingtonians. Which of these areas do you believe are the most significant issues facing our state?

**Please rank these issues according to importance (1 being the most important, 11 the least important):**

Economy and jobs .	9.24
Health care .....	8.38
Drugs and crime ...	8.24
K-12 public education.....	7.03
Tax cuts.....	6.67
Environment.....	5.88
Higher education ..	5.82
Transportation.....	5.62
Social services .....	5.57
Growth Management .....	5.41
Water rights .....	5.15

**2.** In 2005 the Legislature faces some tough choices regarding the state budget. We're faced with a \$1.8 billion deficit, with continued rising costs in health care.

**What should the Legislature do to remedy the current budget situation?**

Reduce spending by eliminating certain state services and programs .....	64.89%
Reduce spending on certain services and programs, coupled with a small tax increase .....	23.18%
A small reduction of spending on certain services and programs, coupled with a more aggressive tax increase .....	6.89%
Raise taxes to provide more revenue for the state's current spending level ....	5.04%

**3.** Tax reform is an issue that will likely be introduced once again in 2005. Some recommend a three part plan which includes lowering the state sales tax to 3.5 percent, eliminating the state portion of the property tax, and creating a 3.8% income tax.

**Which of these answers best sums up your feelings on the issue?**

I would support an income tax .....	5.53%
I would support an income tax only if other state taxes, i.e. sales and/or property taxes, were reduced .....	18.45%
I would not support the creation of an income tax under any circumstances .....	30.57%
The current state tax structure is adequate. The state has a spending problem, not a revenue problem .....	45.45%

**4.** The Secretary of State has proposed some potential changes to how our state conducts its elections. One of the changes would move up the date of the primary election to July or August. This is being proposed to give the counties more time to deal with the increasing number of absentee ballots before the general election.

**Would you support moving up the date of the primary election?**

Yes .....	69.50%
No.....	17.46%
Not sure .....	13.04%

**5.** Another change would affect the general election. The Secretary of State is examining the possibility of requiring absentee ballots to be received by each county by Election Day. Currently absentee ballots only have to be postmarked by Election Day. This means it takes at least a week for all ballots to arrive before being counted.

**Would you support a requirement that ballots must be received by a county elections office by Election Day?**

Yes .....	80.51%
No.....	19.49%
